ABOUT THE WORKSHOP

“Jagatyevam Anoushadham”

Traditional medicine acknowledges that no substance on Earth is devoid of medicinal potential.

This national workshop bridges ancient Ayurvedic wisdom with contemporary analytical science to decode the Gunas (physicochemical & bio-actionable properties) through physicochemical, spectral, and phytochemical matrix testing.

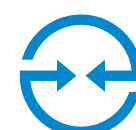

Bridge Assays with Gurvadi Gunas

Focus on Guru-Laghu, Snigdha-Ruksha, and Sheeta-Ushna properties.

Expert Masterclasses

Guided by scholars in Phytochemistry and Drug Research.

Standardize In-Vitro Metrics

Translating classical Guna concepts into reproducible laboratory assays.

Practical Matrix & Case Studies

Hands-on Guna decoding demo.

PROBABLE OUTCOMES

Standardized Protocols

Practical, actionable templates linking lab metrics directly to Gunas.

Enhanced Research Output

Actionable framework for PG & Ph.D. thesis topics on Anukta Dravya.

Interdisciplinary Competency

Defend traditional knowledge with data-driven evidence.

Materia Medica Expansion

Validate folk & tribal plants for official Pharmacopoeia inclusion.

WHO CAN ATTEND?

- Post-Graduate (M.D./M.S.) Scholars
- Ph.D. Scholars
- Faculty Members & Researchers
- Herbal / AYUSH R&D Scientists
