Integrative Ayurveda for Global Health

10th-13th December 2026
Janta Maidan
Bhubaneswar, Odisha, India

Integrative Ayurveda for Global Health represents a holistic healthcare approach that combines the ancient wisdom of Ayurveda with contemporary medical science to promote overall well-being.

Shri Mohan Charan Majhi
Chief Minister of Odisha

Shri Mohan Charan Majhi
Chief Minister, Odisha

Bhubaneswar will witness an unprecedented celebration of Ayurveda during 10–13 December 2026 with the hosting of the 11th edition of the World Ayurveda Congress (WAC) and Arogya Expo.

It gives me immense pleasure to know that many doyens and distinguished practitioners of India's age-old traditional healthcare wisdom will be coming to Bhubaneswar to share their knowledge and experience with seekers from across the world. Around 10,000 Ayurveda stakeholders are expected to participate in this four-day global event.

Leading Ayurveda medicine manufacturers, healthcare providers, educational institutions, international organisations including the World Health Organization, research and development bodies, and other stakeholders will showcase their expertise through attractive exhibition stalls at the Arogya Expo. The Arogya Expo in Bhubaneswar is expected to surpass previous benchmarks in terms of footfalls, as my Government will leave no stone unturned in taking the message of Ayurveda to the people of Odisha.

On behalf of the people of Odisha, I sincerely thank the World Ayurveda Foundation and the Ministry of Ayush for choosing Bhubaneswar as the venue for this prestigious event. We are also looking forward to the gracious presence of our beloved Prime Minister, Narendra Modi, during this four-day celebration of Ayurveda.

As the Chief Minister of Odisha, I assure full support and cooperation to the organisers of the event. At the same time, I seek the active participation and support of all Ayurveda stakeholders, both within the state and beyond, to make this event truly memorable and successful.

I wholeheartedly welcome all participants to Bhubaneswar and wish the event grand success.

Best wishes.

Shri Mohan Charan Majhi

Shri Prataprao Ganpatrao Jadhav
Minister of State, (Independent Charge)
Ministry of AYUSH & Ministry of Health and Family Welfare

सत्यमेव जयते
Ministry of Ayush
Government of India

The 11th World Ayurveda Congress (WAC) and Arogya Expo will be held from 10–13 December 2026 in Bhubaneswar, the capital city of Odisha. The event will bring together the "Who's Who" of the Ayurveda sector and thousands of Ayurveda stakeholders from across the world.

As the world's largest platform for Ayurveda, the previous edition – the 10th WAC held in Dehradun in 2024 – received an overwhelming response from stakeholders. The event witnessed a record-breaking participation of about 10,500 registered delegates attending over 120 different sessions altogether. This includes nearly 300 international delegates from 53 countries. We are confident that Bhubaneswar will set new benchmarks for us to pursue.

On behalf of the Ministry of Ayush, I would like to thank the Government of Odisha, the World Ayurveda Foundation, and my colleagues in the Ministry of Ayush for choosing Bhubaneswar as the venue for this grand celebration of Ayurveda.

I am confident that the 11th WAC and Arogya Expo will be as enriching and engaging as the previous editions for students, academicians, researchers, industry leaders, and all those associated with Ayurveda.

Let us all work together to expand access to Ayurveda for seekers across the world.

My best wishes for the grand success of the 11th World Ayurveda Congress and Arogya Expo.

Message

For over two decades, the World Ayurveda Congress (WAC) has evolved into more than just a conference; it has become the beating heart of a global movement. By consistently bringing together the world's most distinguished scholars and an ever-growing family of international delegates, WAC has secured its place as the pre-eminent forum for Ayurvedic science. Since 2002, our Arogya Expos have acted as a bridge, transforming ancient wisdom into a living, breathing reality for the masses.

The memory of our 10th edition in Dehradun in 2024 still resonates. We witnessed a tectonic shift in public perception, creating a vibrant ecosystem where Ayurveda wasn't just studied; it was embraced.

This momentum reflects a broader, incredible success story. In 2014, the Ayush sector was valued at a modest $3 billion. Today, it is a staggering $43 billion, and now moving ahead with new goal of $200 billion by 2030. Fuelled by the support of people and a global hunger for holistic health, today, Ayush stands as the fastest-growing sector in the country.

With this spirit of untapped potential, the Ministry of Ayush and the World Ayurveda Foundation are proud to turn the page to our next chapter. We invite you to join us in the soul-stirring 'Temple City' of Bhubaneswar for the 11th World Ayurveda Congress & Arogya Expo, held from 10 to 13 December 2026.

As we gather in the beautiful land of Odisha, we have a unique opportunity to showcase India's heritage to thousands of guests from every corner of the globe. I look forward to seeing you there as we continue our mission to bring the healing touch of Ayurveda to all of humanity.

May Lord Dhanwantari bless us all.

Best wishes

(Rajesh Kotecha)

Dr. Shekhar Mande
President, Vijnana Bharati

Message

Vijnana Bharati (Vibha) takes immense pride in propagating and popularizing the ancient scientific wisdom and knowledge traditions that have emanated from Bharat. Ayurveda, one of the world's oldest systems of health and healing, has stood the test of time for over 5000 years and continues to guide humanity towards holistic well-being.

It was in 2002 that Vibha organized the first World Ayurveda Congress (WAC) and Arogya Expo in Kochi. With limited resources at our disposal, the promotion of the event was modest. Yet, the response from Ayurveda stakeholders across the country was truly overwhelming. Today, we are stepping into the 11th edition of the World Ayurveda Congress and Arogya Expo, which will be held in the beautiful city of Bhubaneswar, the capital of Odisha, from 10 to 13 December 2026.

The previous editions have witnessed steadily increasing participation from international delegates, reflecting the growing global acceptance and recognition of Ayurveda. Vibha would like to thank the Ministry of Ayush and all stakeholders who have contributed to the popularization of our traditional healthcare system for the benefit of humankind across the world.

The 11th edition of WAC is expected to generate the same enthusiasm, meaningful deliberations, and scientific exchange that have characterized the previous editions.

We once again seek the blessings, support, and active participation of all Ayurveda stakeholders to make the 11th edition a truly memorable and successful event.

Best wishes.

Dr. Shekhar Mande

Dr. PM Varier
Managing Trustee, AVS, Kottakkal &
Chairman, National Organising Committee, 11th WAC

Message

The World Ayurveda Congress (WAC) and Arogya Expo has been a torchbearer for the Ayurveda community since the first event in 2002 in Kochi. Going into the 10th edition in 2024, what WAC has done remarkably well was to awaken the Ayurveda sector as a whole within the country and overseas.

In the past two decades, we have seen to a lot of transformation in the sector. For instance, (a) the ever-increasing acceptance of Ayurveda among masses, (b) the businesses, R&D, etc. associated with Ayurveda have turned green and noteworthy, (c) governmental support has increased manifold, (d) generated interests among foreign students to study Ayurveda, etc. are just a few of the positive developments.

Owing to all these, WAC has indeed become the largest platform on Ayurveda in the world with the strongest and loudest voices representing the forum. Anything shared on the platform is heard far and wide and received well too.

As the Chairman of National Organising Committee, I take immense pride for the way things have turned out for the sector. On the back of the grand success of the 10th edition of WAC held in Dehradun in 2024, the contours of the 10th WAC and Arogya Expo has been drawn and preparations have begun in full earnest. The 11th edition will be held in Bhubaneswar during 10-13 December 2026.

I specially thank Ministry of AYUSH, Government of India and the Government of Odisha for lending wholehearted support to the 11th WAC and Arogya Expo.

Let us continue to work hard to take Ayurveda to every nook and corner of the world.

Looking forward to meeting you all in Bhubaneswar.

Best wishes

Dr. PM Varier

11th WORLD AYURVEDA CONGRESS & AROGYA EXPO
Integrative Ayurveda for Global Health

Integrative Ayurvedic Solutions for Global Well-Being

Integrative Ayurveda for Global Health is a comprehensive healthcare model that blends the time-tested principles of Ayurveda with the advancements of modern medicine to support holistic well-being.

Centered on achieving harmony among the body, mind, and spirit, this approach focuses on disease prevention, individualized treatment, balanced nutrition, healthy lifestyle choices, natural herbal therapies, and emotional wellness. By combining traditional Ayurvedic knowledge with evidence-based medical practices, it seeks to enhance health outcomes and foster sustainable well-being for people across the globe.

Health-conscious world seeks out Ayurveda

A world that is increasingly health conscious, and returning to its natural and ancient roots, completing the proverbial circle, spells good news for the world of Ayurveda.

A complete paradigm shift in our approach to the concept of wellness – moving away from what has till now been an area dominated by modern medicine – that people are now placing their trust and lives into the hands of Ayurveda. With a growing awareness about Ayurveda, thanks to forums like the World Ayurveda Foundation, the suspicion and apprehension with which Ayurveda was treated in developing countries has made a turnaround, with people now seeking out knowledge and information on this well-rounded health system. A fear of things "synthetic" and "chemical" and with side effects is driving people to Ayurveda, seen as natural, without side effects, boosting immunity, and is improving the quality of life.

A global resurgence

Ayurveda is making a big resurgence, at the global level. European countries like Germany have always held Ayurveda in high regard, and offer courses in the subject. In fact, in German-speaking countries, Ayurveda has grown from being seen as a relaxing wellness therapy to a complementary system of medicine.

Ayurveda-based Traditional Medicine Systems (TMS) are very much in practice in most of the SAARC counties including Shri Lanka, Bangladesh, Nepal, and Japan. Australia and Switzerland have given Ayurveda recognition as a bona fide medical system, thereby allowing the setting up of Ayurveda clinics.
Needless to say, Ayurveda did save millions of human lives by keeping a check on the spread of COVID-19 and increasing the immunity.

The WHO International Clinical Trials Registry Platform shows that 1054 traditional medicine-related clinical trials have been conducted on COVID-19 to date, while the WHO COVID-19 database of global literature on coronavirus disease lists 3803 research articles on traditional medicine.

No less than 192 Trials on Ayurveda and Ayush systems were carried out to mitigate Covid-19. According to the WHO global report on traditional and complementary medicine 2019, the number of countries with a legal and regulatory framework for traditional and complementary medicine increased from 79 in the year 2012 to 109 in the year 2018 and is continuing to increase.

11th WORLD AYURVEDA CONGRESS & AROGYA EXPO
Integrative Ayurveda for Global Health

Integrative Ayurveda for Global Health

Prime Minister
Shri Narendra Modi

Along with World Health Organization head Dr. Tedros Ghebreyesus, officially launched the first-of-its-kind WHO Global Centre for Traditional Medicine (GCTM) in Jamnagar on April 21, 2022. Through the GCTM, the alternative medicines and therapies are getting ready for a makeover under which WHO will promote the safe and effective use of traditional medicines by regulating, researching, and integrating the products, practitioners, and practices into health systems.

11th WORLD AYURVEDA CONGRESS & AROGYA EXPO
Integrative Ayurveda for Global Health

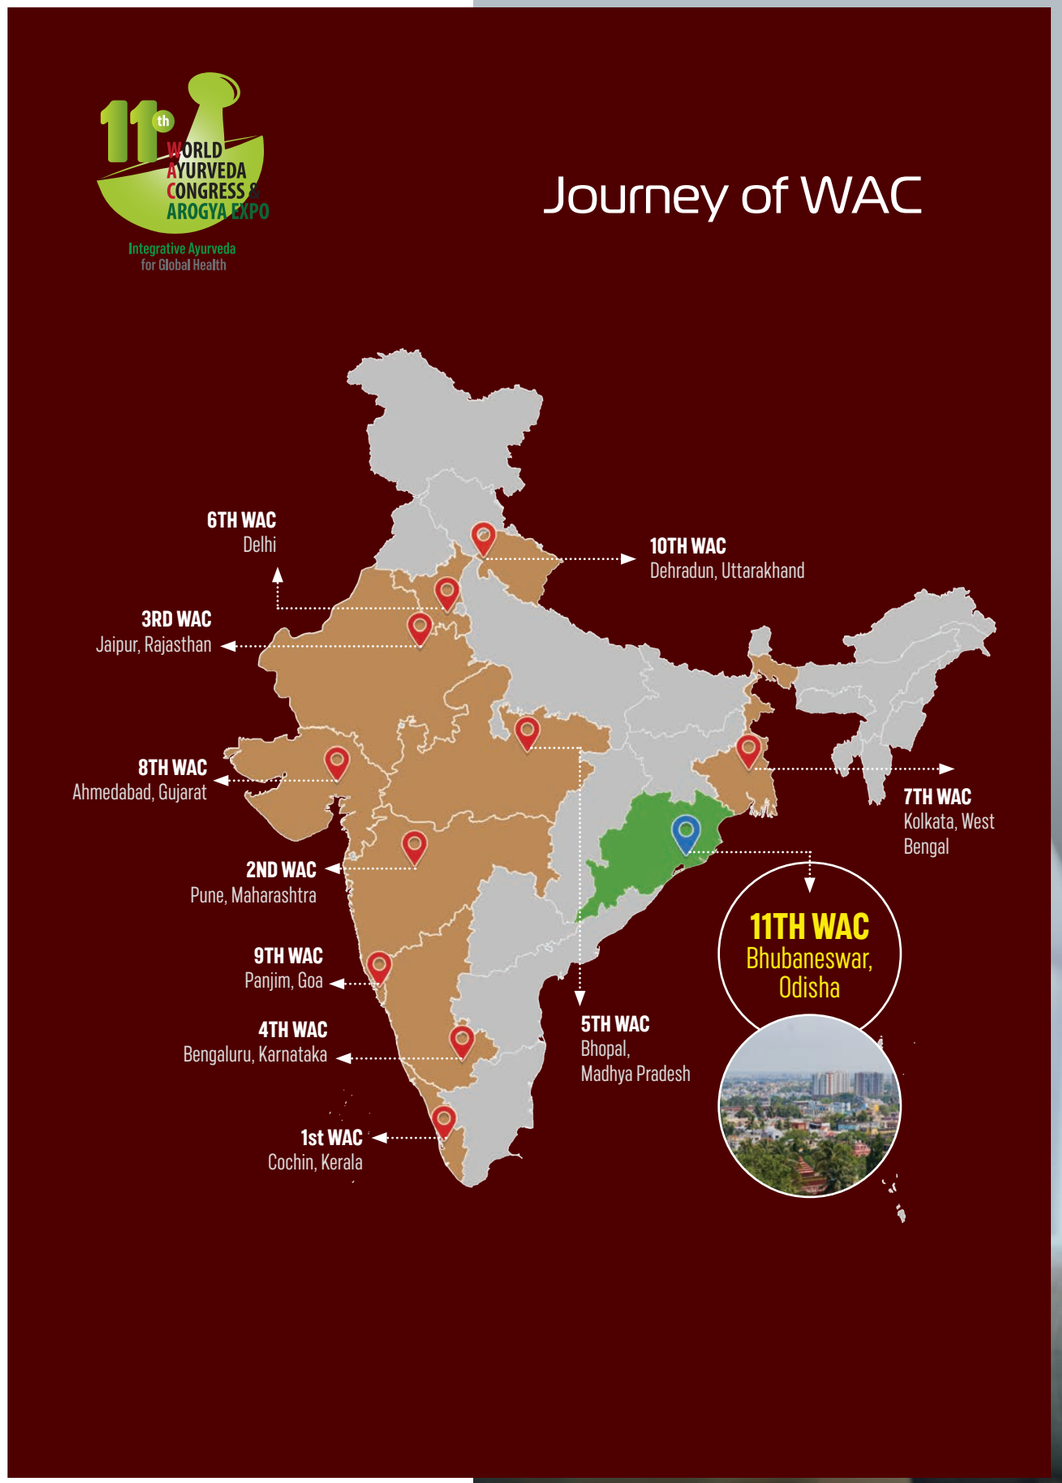

The World Ayurveda Congress (WAC) is a platform established by World Ayurveda Foundation to propagate Ayurveda globally in its true sense.

The first World Ayurveda Congress (WAC) was held in 2002 at Kochi as an outreach programme, to create greater awareness and opportunities in the practice, science, and trade of Ayurveda. The subsequent Congresses organised at Pune, Jaipur, Bangalore, Bhopal, Delhi, Kolkata & Ahmedabad were not only helped in promoting Ayurveda within the country but also had a huge impact in propagating Ayurveda globally.

Previous themes of the Congress were **"Ayurveda and World Health", "Globalisation of Ayurveda", "Mainstreaming Ayurveda", "Ayurveda for All", "Enriching Public Health Through Ayurveda", "Health Challenges and Ayurveda", "Strengthening the Ayurveda Ecosystem", "Re-aligning the Focus on Health" and, "Ayurveda for One Health".**

INTEGRATIVE AYURVEDA FOR GLOBAL HEALTH

Integrative Ayurveda for Global Health represents a holistic healthcare approach that combines the ancient wisdom of Ayurveda with contemporary medical science to promote overall well-being. Rooted in the principles of balance between body, mind, and spirit, Ayurveda emphasizes prevention, personalized care, healthy lifestyle practices, nutrition, herbal remedies, and mental wellness.

In the context of global health, integrative Ayurveda offers valuable solutions for addressing the growing burden of chronic diseases, stress-related disorders, lifestyle illnesses, and mental health challenges. Its focus on preventive healthcare and individualized treatment aligns with the increasing demand for sustainable and patient-centered healthcare systems worldwide.

By integrating evidence-based Ayurvedic practices with conventional medicine, healthcare providers can offer comprehensive care that supports both disease management and health promotion. Natural therapies derived from Ayurvedic traditions contribute significantly to enhancing quality of life and improving long-term health outcomes.

Furthermore, Integrative Ayurveda encourages a deeper understanding of the interconnectedness of human health and environmental well-being. As nations seek innovative and inclusive healthcare models, Ayurveda provides a valuable framework for fostering resilience, wellness, and healthy communities. Through international collaboration, research, education, and policy support, Integrative Ayurveda can play an important role in advancing global health and achieving a healthier, more balanced future for all.

This is a high time to pray for universal solidarity, Harmony and, peace in words of the ancient rishi

11th World Ayurveda Congress & Arogya Expo
Integrative Ayurveda for Global Health

Ancient Wisdom for Modern Wellness

As people around the world become more health-conscious and increasingly embrace natural, holistic lifestyles, there is a growing return to time-tested traditions and ancient wisdom. This renewed appreciation for nature-based wellness has brought Ayurveda back into the spotlight, creating promising opportunities for this age-old system of healing and completing a full circle back to its roots.

Integrative Ayurveda for Global Health

Plenary Sessions

- Integrative Ayurveda for Global Heath: Ayurveda Beyond Integration
- Health Ministers' Panel Discussion: NAM success stories
- Best practices to address UHC issues
- Roadmap for Odisha
- Integrative Ayurveda: Take aways from the Niti Aayog Task force
- Ayush Grid: AI and DH for Ayurveda
- Confluence of Ayush, Agriculture, Environment & Forest Ministries for OneHealth

Pre-Congress Workshops

- Simulation Laboratory Training of trainers: Biotronics, Thane
- Rogi Pariksha: classics to Contemporary; NIA, Jaipur
- Lifestyle Modification for IT professionals: SAW, Bengaluru
- NASYA Led Countrywide Seminars
- OMICs – Bharati Vidya Peeth Pune
- Teaching Technology: KLE Belgavi
- AI enabled drug designing, AIIA, Delhi
- CCRAS led Satellite Activites
- Anukta and Leshokta, AIIA, Goa

Guidelines For Scientific Sessions

The **11th World Ayurveda Congress** will be conducting exclusive Scientific Sessions to showcase the recent advances in research made in the field of Ayurveda. Guidelines for the sessions are available on www.ayurworld.org.

Oral and poster abstracts

The Scientific Committee of globally renowned experts will review the abstracts submitted as per the guidelines. The decisions of the Scientific Committee are final on all matters pertaining to the presentation and publication with regard to the Congress.

Fee Structure/Delegate Registration

The abstracts must be submitted online at www.ayurworld.org

Fee Structure for the Congress

Indian Delegates	
Category	**Delegate Fee (₹)**
General Delegates	4000*
BAMS Students	3500*
Spot Registration	5000
All late Registrations (From 15th Oct. to 31st Oct 2026)	4500

International Delegates (IDA)	
Category	**Delegate Fee ($)**
IDA Delegates**	100*
All late registrations (from 15th Oct. to 31st Oct 2026)	150
Spot Registrations	200

**Delegate fees on or before 15th October 2026*
***Without Accommodation*

Note:
Non-stipend PG Students can avail BAMS students' fee structure

1. *All delegate registrations are without accommodation. Accommodation can be booked online separately at www.ayurworld.org through service providers at negotiated rates.*
2. *Authors of abstracts selected for oral, poster, and E-book will be eligible for a concession of 50%, 30%, and 20% concession respectively in the delegate fee.*

Call for papers - Dates to remember

- Last date for submission of abstracts **31 Aug 2026**
- Confirmation of abstract acceptance **10 Sept 2026**
- Full paper and ppt file submission **10 Oct 2026**
- Poster submission **10 Oct 2026**
- The Congress **10-13 December 2026**

For details on research themes, please see page 17
Visit www.ayurworld.org for updates.

Important email-IDs to remember

J-AIM

Journal of Ayurveda and Integrative Medicine (J-AIM) is an official journal of World Ayurveda Foundation and Transdisciplinary University, Bangalore. J-AIM is published by Elsevier, the world-renowned publisher. As a transdisciplinary platform for integrative health sciences, J-AIM aims to explore the relationships between Ayurveda, biomedicine and other contemporary health sciences, encouraging meaningful collaboration to promote effective, safe and affordable global health.

The journal has become popular in Ayurveda fraternity and researchers from traditional medicine, integrative medicine, biomedical and pharmaceutical sciences. Globally, J-AIM is ranked among the top three journals in Integrative Medicine category. J-AIM is indexed in the prestigious PubMed, Scopus and E-WoS. The journal follows high editorial standards and is a member of World Association of Medical Editors and Committee of Publication Ethics. J-AIM follows double-blind peer-review system. The expert reviewers from reputed universities, research institutions, regulatory organisations, government, voluntary organisations, and practitioners provide diversity in vast pool of knowledge.

Publication of Abstracts

All selected abstracts of both oral presentations and posters of authors who have registered will be published in the Abstract book of the 11th World Ayurveda Congress. They will also be considered for publishing in the official journal of World Ayurveda Foundation, Journal of Ayurveda and Integrative Medicine (J-AIM).

Guidelines for Submission of Abstracts and Scientific Sessions

Abstracts can be submitted online

General guidelines for submission of abstracts and formats for oral and poster presentation are given on

सत्यमेव जयते
Ministry of Ayush
Government of India

Ministry of Ayush Govt. of India

Created in 1995 as the Department of Indian Systems of Medicine and Homoeopathy, it was renamed as the Department of Ayush (Ayurveda, Yoga and Naturopathy, Unani, Siddha, and Homoeopathy) in November 2003.

The department has become a full-fledged Ministry in November 2014. The Ministry focuses on upgrading Ayush educational standards, implementing quality control and drug standardisation, improving the availability of medicinal plant material, aiding research, and development and generating awareness about the efficacy of the systems, within the country and overseas. Its declared objectives are as follows:

- Upgrade the educational standards in the Indian systems of medicine and in homoeopathy colleges in the country.
- Strengthen existing research institutions and ensure a time-bound research programme on identified diseases for which these systems have an effective treatment.
- Draw up schemes for promotion, cultivation, and regeneration of medicinal plants used in these systems. Evolve pharmacopoeial standards for Indian systems of medicine and homoeopathic drugs.

Vijnana Bharati

Vijnana Bharati or VIBHA is a national movement dedicated to the integrated development of Bharat through the intervention of science, engineering and, technology.

Launched in 1991 by a group of thinkers and scientists, VIBHA has, today, 29 active units and 6 overseas units. Eminent scientists, academicians, policy makers, and social workers are the torch bearers of this movement.

VIBHA takes the spirit of 'Swadeshi' along with the ethos of our culture. It emphasises that science and spirituality should go hand in hand. VIBHA works towards rural development, technology transfer, and social empowerment so as to bring the fruits of advancement of science, and technology for the benefit of the society.

It has received two national awards for popularising science and technology: one in 2006 from Dr. Manmohan Singh, Hon'ble Prime Minister of India, and the other in 2007 from Shri Kapil Sibal, Hon'ble Minister for Science and Technology, Government of India.

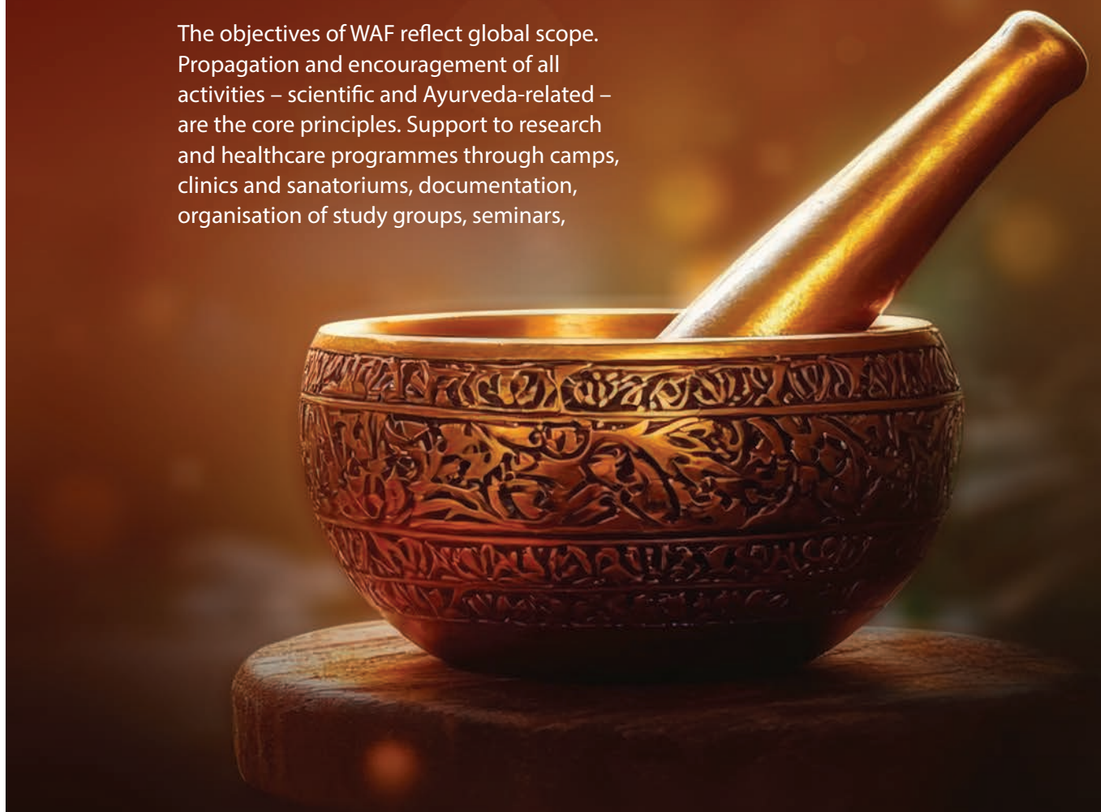

VIBHA works towards national self-reliance and a developed India. Towards this mission, VIBHA adopts, adapts and assimilates the best from everywhere and associates with the best of universities, R&D organisations, and other movements.

WORLD AYURVEDA FOUNDATION
AN INITIATIVE OF VIJNANA BHARATI

World Ayurveda Foundation

Founded in 2011, the World Ayurveda Foundation (WAF) is an initiative by Vijnana Bharati aimed at global propagation of Ayurveda. As part of a larger intellectual movement under the aegis of the Swadeshi Science Movement undertaken by Vijnana Bharati, WAF is a platform that would take Ayurveda to the world for all the benefits mankind can draw from traditional health sciences.

The objectives of WAF reflect global scope. Propagation and encouragement of all activities – scientific and Ayurveda-related – are the core principles. Support to research and healthcare programmes through camps, clinics and sanatoriums, documentation, organisation of study groups, seminars, exhibitions, and knowledge initiatives to popularise Ayurveda in the far corners of the world are the broad latitudes of focus at WAF. Ayurveda as a sector requires the kind of stewardship and voice that genuinely bring out the ethos of Ayurveda in matters that govern policy and planning with State and Central government administration in India and the world over. WAF is positioned to provide this much-needed leadership with its wide participation of various stakeholder groups.

Inaugural Functions

Shri Narendra Modi
Hon'ble Prime Minister
of India delivering the valedictory address
of the 10th World Ayurveda Congress
& Arogya Expo 2024

1st World Ayurveda Congress & Arogya Expo - Kochi

Government of Odisha

Odisha (Host state)

11th WORLD AYURVEDA CONGRESS & AROGYA EXPO
Integrative Ayurveda for Global Health

About Odisha

Odisha is a beautiful state located on the eastern coast of India, bordered by the Bay of Bengal. Known for its rich cultural heritage, ancient temples, scenic beaches, and vibrant traditions, Odisha is one of India's most historically significant states. The capital city, Bhubaneswar, is famous for its magnificent temples and is often called the "Temple City of India."

Odisha is home to the world-renowned Jagannath Temple in Puri, a major pilgrimage destination for Hindus. The state is also famous for the annual Rath Yatra festival, which attracts millions of devotees and tourists from around the world. Konark Sun Temple, a UNESCO World Heritage Site, showcases the architectural brilliance of ancient India.

The state's natural beauty includes Chilika Lake, Asia's largest brackish water lagoon, lush forests, waterfalls, and wildlife sanctuaries. Odisha is rich in minerals and contributes significantly to India's industrial growth. Agriculture, mining, and tourism are important sectors of its economy.

Odisha's traditional dance forms, especially Odissi, are celebrated globally for their grace and artistic expression. Handicrafts such as Pattachitra paintings, silver filigree work, and handloom textiles reflect the state's artistic excellence. With its blend of history, culture, spirituality, and natural beauty, Odisha remains a unique and fascinating destination.
